

Richard J. Stegemeier served as chairman, president, and chief executive officer of the Unocal Corporation from 1988-95. He is a trustee of USC and serves as a Director of Outboard Marine Corp., Northrop Grumman Corp., Montgomery Watson Inc., Halliburton Company, Northrop Corp. He also holds a research faculty appointment in the USC Mork Family Department of Chemical Engineering and Materials Science. Previously, he has served on the Board of Directors of many companies, including Health Net Inc., Pacific Enterprises Inc. Southern California Gas Co., and San Diego Gas & Electric Co.

Mr. Stegemeier was elected to the National Academy of Engineering for his leadership in research leading to improved oil recovery and the discovery of new oil and gas fields. He holds seven US patents on different aspects of petroleum engineering. He holds a BS in Petroleum Engineering from University of Missouri-Rolla, and MS in Petroleum Engineering from Texas A&M and an Honorary Doctorate of Engineering from Pepperdine University. Some of the insightful outlook of Mr. Stegemeier on energy matters is highlighted in his 1995 book “Straight Talk: The Future of Energy and the Global Economy”.
