

**Induced Seismicity Consortium (ISC)
Quarterly Review Meeting**

Location: Davidson Conference Center, October 23, 2013

Agenda

- | | | |
|--------------|---|--|
| 8:00 | Registration- Breakfast | |
| 8:30 | Welcoming Remarks | Dean Yannis Yortsos |
| 8:35 | ISC Overview and Status Report | Fred Aminzadeh |
| 8:45 | An Introduction to Induced Seismicity | Thomas Goebel |
| 9:00 | Highlights of accomplishment on Different Tasks | |
| | Youngstown Project | Robert Walker/Arman K. Nejad |
| | California Project- Seismicity Away from Faults | Tayeb Tafti |
| | California Project- Seismicity Near Faults | Thomas Goebel |
| | Blackpool Project | Nima Jabbari |
| 10:30 | Break | |
| 10:45 | Updates on State Agencies / IOGCC Interactions | James Slutz |
| 11:15 | Strategic and Technical Advisory Board (SAB) Meeting | Victor Ziegler, Martin Karrenbach |
| | Regulatory Process Engagement Guidelines and Priorities | |
| | New Membership for the 2nd Years | |
| | External Communication Guidelines and Priorities | |
| | Data from Sponsors | |
| | Election of SAB and TAB Chairs for year 2 | |
| 12:15 | Lunch | |
| 1:15 | Highlights of Joint SAB/TAB Meeting | Don Paul |
| 1:45 | Q&A and Brainstorming Session | |
| 2:30 | Coffee Break | |
| 2:45 | Sponsor Presentations | |
| | Fiber Optic Seismic Vector Sensor Technology | Björn Paulsson |
| | Micro Seismic Monitoring Using Long Borehole Seismic Arrays | Björn Paulsson |
| 3:00 | New Focus Areas | |
| | Geomechanical Modeling to Assess Factors Impacting Seismicity | Mehran Hosseini |
| | Seismic Monitoring Stations in a Selected Field | Danielle Sumy, Robert de Groot |
| | Next Steps in the California Seismicity Project | Tayeb Tafti |
| | Laboratory Work for Distinguishing Induced Seismicity | Thomas Goebel |
| | Hydraulic Facturing Potential Impact on Ground Water | Nima Jabbari |
| | Oklahoma Seismicity Analysis | Danielle Sumy |
| 4:15 | Discussion and Prioritization of the New Focus Areas | |
| 5:00 | Concluding Remarks and the Next Steps | |
| 5:30 | Meeting adjourns | |
